Alpaca Colour Designation

For registration purposes the Association has seven (7) acceptable colour categories:

White	
Fawn	includes beige, light, medium and dark fawn
Brown	includes light, medium and dark brown
Black	includes bay black and true black
Rose Grey	includes light, medium and dark rose grey
Steel Grey	includes light silver grey, and dark silver grey
*Fancy/Mul	ti an alpaca should be considered to have

*Fancy/Multi an alpaca should be considered to have a Fancy/Multi fleece if it exhibits two or more colours, below the alpaca's head and above its knees, which are distinct and immediately visible.

The blanket area should be used to determine solid colours. Take a clip of fibre as close to the skin as possible and match the cut end to the closest colour on the fibre chart. Charts are available at CLAA office.
